

HONITON STINGRAYS SWIMMING CLUB BULLETIN

Swim Analysis System

The club has recently developed an in-house system to assist with the management of swimming events and results. This system will use a more advanced and accurate method for recording times during time trial and club championship events, with the additional benefits of producing detailed reports for 'The Coach', Individual Swimmers and the Club. These reports consist of:

- All swimmer PB's for distances and styles
- Top 20 club rankings for specified age and distance categories
- Club records for all distances and styles for a specified date period
- ASA qualifying time comparisons
- Specified event report showing finishing times, PB and CR (club record) status
- Individual swimmer PB's for all distances and styles (includes date, event and age when PB was achieved)
- Individual swimmer all recorded events

Whilst the system is still in the final phase of development the reports highlighted above are now available on request in a PDF format. In the future the aim is to make them available on the clubs website so they can be accessed and viewed from any location.

The system will be able to record and display the results of an event immediately after the last swimmer has finished. The event screen will show the finishing times, heat position and provide a symbol to indicate whether a club record or personal best has been achieved.

Rank	Swimmer Name	Time	Notes
1	ADLINGTON REBECCA	00:25.82	PB
2	WILLMOTT AIMEE	00:20.27	PB, CR
3	LLOYD JESSICA	00:36.03	PB
4	LOWE JEMMA	00:30.32	PB
5	SMITH AMY	00:40.77	PB

Excel Stopwatch: 00:42.93

25-Aug-12 Club Championship

After the event a detailed report will be available for swimmers to analyse their overall performance.
